Results

Each column has been calculated or recalculated to yield a comparative percentage. Okay, this might not show how many marks each version has scored, but it does show all comparative to all others, using the lowest scorer as the zero baseline, and the highest scorer as the maximum marks per test, 100. Adding up each row, the best version here scored 746 marks (NIV), and the joint lowest scored 197 marks (KJ21/KJV). I have recalculated the lowest to be zero (197 minus 197), and reduced the highest to 549 (746 minus 197). All final scores have then been divided by 549%, to rank from zero to 100%.
